METALICA

OWN MANUFACTURING:

Metalica S.A. Oradea is a Romanian company with a tradition of seven decades, established in 1949 under the name of the Craftsman Cooperative “Minszki Lajos” which became in 1963 the State Enterprise “Metalica” and later on 1991 after its transformation into a joint-stock company became “Metalica S.A.”. Full privatization was made between the years 1997 to 2000.

Currently, Metalica S.A. produces and markets on the domestic and foreign markets Free standing gas cookers, gas hot plates, solid fuel(firewood) stoves, utilitysinks, enamelled cauldron, barbecue disk etc.

The company also offers industrial services for cold pressing, painting, enamelling, producing metal profiles and plastic injection molded parts, and designing, producing and maintaining stamps and molds. The Integrated Management System Implemented in Metalica S.A. is certified by TUV Rheinland Romania.
