### To whom it may concern

We would like to inform you that our company, Landgrain LLC, owns modern groats mill and strategic granaries with cutting-edge technologies for processing and storage of various cereals. Modern approaches to the staffing policy and professional competence and expertise of our employees have allowed us to establish ourselves as the leading manufacturer in Ukraine and CIS. Our food safety management system is fully FSSC and HACCP compliant. We produce cereals and flour of various milling types used in brewing and confectionery as well as in production of crackers, snacks, flakes, breakfast cereals, medications, and baby foods.

Our company would be pleased to offer you the following high-quality products:

- |  |  |
|--|--|
| • <b>Corn</b>                                | • <b>Green and yellow split peas</b>     |
| • <b>Corn grits of various granulation</b>   | • <b>Kidney Bean (red, black, white)</b> |

| • <b>Corn bran</b>                           | • <b>Chickpeas</b>                       |
| • <b>Buckwheat</b>                           | • <b>Pearl Barley</b>                    |
| • <b>Oat flakes</b>                          | • <b>Wheat flour</b>                     |
| • <b>Peas flakes</b>                         | • <b>Sunflower meal</b>                  |
| • <b>Millet</b>                              | • <b>Semolina</b>                        |
| • <b>Lentils</b>                             | • <b>Cilantro</b>                        |
| • <b>Soybean oil</b>                         | • <b>Oat flour</b>                       |
| • <b>Soybean meal</b>                        | • <b>Disinfectants</b>                   |
| • <b>Feed additive for animals/poultry</b>   | • <b>Rice</b>                            |

All of the above products can be packaged in various packaging (from 1 kg to 1 MT)

All products of Landgrain LLC are labeled and have safety, health, and toxin-proof certificates, including radiation safety and GMO testing protocols.

We will be glad to cooperate with such partners in the Hungarian market as:

- packing grocery products for retail;
- companies who deal in snack production;
- Instant breakfast production;
- Poultry farms;
- livestock farms;
- feed mills.

Yours faithfully,  
Popelnyukh Maksym.  
Executive Director
