

LVIV HANDMADE CHOCOLATE

INTRODUCTION

Lviv has been well known for “delectable confectionery” since the Middle Ages and starting from the XIX century Europe began exporting chocolate from Lviv. Together with chocolate the city presented pleasant feelings. Local confectioners were able to fill each hand made chocolate, each tablet of true chocolate with small but always the omnipresent sweet part of Lviv!

Lviv always has made wonders. During the process of production we are trying to preserve a special atmosphere of that wonder. That’s why, small paper packages with handmade chocolates gift people pleasant excitements in various parts of the world.

“Lviv Handmade Chocolate” was founded in 2009. For almost 10 years chocolate from “Lviv Handmade Chocolate” has become a traditional souvenir from Lviv. It has become a real pride for local people. Since 2010 “Lviv Handmade Chocolate” has been expanded into a chain of chocolate shops and cafes all over Ukraine with a unique “Lviv atmosphere”.
